A word about cutting felt:

There are more than one way to choose to cut your felt pieces.

1. Lay the pattern pieces over the felt and trace the outline of the pattern onto the felt with fabric chalk or disappearing ink.
2. Pin the pattern pieces to the felt and cut around the paper pattern pieces.
3. Use wide clear packing tape to tape the pattern pieces to the felt, covering paper and felt entirely. Trim around the pieces by cutting through the tape. This works the best for small pieces and allows for better precision.
