SEW YOUR OWN CUPID TEDDY BEARS!

This free cupid wings pattern is shown here making adorable Valentine's day teddy bears. But this accessory pattern can be used on most any of DelilahIris felt toy patterns. Pair the wings with baby unicorns, elephants, pigs or dolls for fun winged creations!

1. Begin by cutting the felt wing pieces as directed by the last page of the pattern. The easiest way to cut felt is with a small sharp pair of scissors. For the greatest precision you could choose to trace the pattern pieces onto the felt, iron some wax paper to the felt then trace onto that and cut, or tape the pattern pieces to the felt with some wide clear tape, cutting through both tape and felt simultaneously.

For personal die cutting machine owners I've provided a svg pattern download for quick and easy cutting.

2. Place piece A on top of piece B matching at the top edges. Sew along the edges using a small tight blanket stitch or whip stitch.

Whip Stitch

I like to use the blanket stitch or whip stitch for sewing my felties!

3. (OPTIONAL) Place an optional piece of pipe cleaner between the two pieces, sandwiched right up against the stitched seam on the inside of the two layers. Bend the wire to conform to the upper curves of the wing.

4. Stitch along the top of the wing about 1/8" from the top edge using a running stitch or back stitch. This is to add some detail, or to sew the optional wire into the wing.

5. Sew the wings onto the doll or animal!
